## Introducing the Hybrid Portable Water Ionizer!

You've been asking for it for a long time and finally we're proud to announce the arrival of the world's first Hybrid Portable Water Ionizer! What does that mean for you? Flexibility. You now have a water ionizer that can connect directly to your faucet or cold water line like a standard water ionizer *or* you can pour water directly inside it! *Think of the possibilities! Think of the freedom!*

**It's portable and light weight!** You can take it virtually anywhere -- to your office, your RV, on vacation, to grandma's house... No more trying to lug around big, bulky water ionizers. No more clumsy installations Just perfect water anywhere you go.

**It's powerful!** 125 watts and four slotted platinum-titanium plates makes it more powerful than most water ionizers on the market! This enables you to get a range of 10.5 pH to 3.5 pH!

**It's stylish!** A water ionizer that looks good! You'll be proud to take the Hybrid with you and show it to your friends and neighbors.

**Six pH settings!** Three alkaline and three acid settings give you everything from strong alkaline water for cooking and making your coffee to strong acid water to disinfect your countertop, sponges, and toothbrushes. And of course it makes the perfect drinking water at a 9.5 pH and -300 ORP!

**Powerful Antioxidants!** The Hybrid can ionize the water up to -300 ORP! So you're not sacrificing any antioxidant power by going portable.

**Multistage Filtration!** The Hybrid comes with its own internal multistage activated carbon filter, so your water is clean and pure.

**5 Year Parts and Labor Warranty and 60 Day Money Back Guarantee!**
